## TECHNICAL SKILLS

|                   |                                   |                   |                                |
|-------------------|-----------------------------------|-------------------|--------------------------------|
| <b>Languages:</b> | Python, JavaScript                | <b>Frontend:</b>  | React, HTML, CSS, Tailwind CSS |
| <b>Backend:</b>   | FastAPI, Flask                    | <b>Databases:</b> | PostgreSQL, SQL Server, Redis  |
| <b>AI / ML:</b>   | OpenCV, InsightFace, ONNX Runtime | <b>DevOps:</b>    | Docker, Git, Vercel, Render    |

## EXPERIENCE

### Full Stack Developer

Feb 2026 – Present

[Invendoi AI Solutions](#) — Kochi, Kerala

- Built and deployed Invendo AI Academy (React + Vite + Tailwind) — live production platform
- Integrated Gemini API chatbot into production website for real-time automated support
- Developed AI face recognition system (InsightFace + ONNX + FastAPI + PostgreSQL) for security and surveillance use cases
- Contributed to enterprise web portals — handled full-stack development, system design, and deployment

### AI Systems Developer

2023 – 2024

[Independent Project](#)

- Built end-to-end real-time face recognition pipeline: InsightFace embeddings, cosine similarity matching, <100ms response
- Designed FastAPI backend with PostgreSQL and GUI dashboard; multi-camera support via Docker

### Web Developer

2022 – 2023

[Academic Project](#)

- Developed a campus platform for student resources and event management using Flask + SQL Server

## KEY PROJECTS

#### AI Face Recognition System

FastAPI · PostgreSQL · InsightFace · ONNX · Docker

- Real-time detection pipeline with GUI dashboard and alert system. Multi-camera, containerised.

[github.com/Jeffrin-Singh/ai-face-recognition-system](https://github.com/Jeffrin-Singh/ai-face-recognition-system)

#### Invendoi AI Solutions Website

React · Vercel

- Company marketing site — designed, built, and deployed.

[invendoi-ai-solutions.vercel.app](https://invendoi-ai-solutions.vercel.app)

#### Invendo AI Academy

React · Vite · Tailwind · Gemini API

- Full-scale educational platform with AI chatbot integration. Deployed and live.

## EDUCATION & CERTIFICATIONS

### B.E. – Computer Science & Engineering

Loyola Institute of Technology and Science, Thovalai, TN

Graduation: 2026

- AI/ML Value-Added Course – Feather Softwares
- Web Development Internship – Roriri Software Solutions
- Python for Data Science – Udemy
- Bootstrap Mastery – Udemy
